## 🪪 Profile

Motivated and passionate B.Tech 🔗 Computer Science student at Mahakal Institute of Technology, with a strong interest in backend development, problem-solving, and full-stack web applications. Experienced in building real-world projects using **M.E.R.N**, **Java** and **MySQL**, and recognized for top performance in coding competitions and tech expos.Quick learner, team player, and always eager to take on new challenges. Currently seeking a growth-oriented tech role to contribute meaningfully and build a strong career in software development.

## 🎓 Education

### Bachelor of Technology (Computer science & Engineering)

*Mahakal Institute of Technology (RGVP)*

2022 – 2026 | Ujjain, Madhya Pradesh

### Higher Secondary (M.P. Board)

*Padmaja Higher Secondary School*

2021 – 2022 | Dewas, Madhya Pradesh

### Secondary (M.P. Board)

*Morning Star School*

2019 – 2020 | Dewas, Madhya Pradesh

## 🧠 Skills

**Languages** — *JavaScript | Java | C++*

**Web Development** — *HTML | CSS | React.js | Node.js | Express*

**Database** — *MySQL | MongoDB*

**Tools** — *AWS | GitHub | Postman*

**Soft Skills** — *Problem-Solving | Teamwork | Adaptability | Leadership | Time Management | Communication*

## 💼 Professional Experience

### Software Trainee Intern
*Backbencher Technologies Pvt Ltd*

07/2025 – 08/2026
Indore, Madhya Pradesh

- Contributed to software development projects under a 9-hour/day work schedule
- Gained hands-on experience in real-world coding, debugging, and application design
- Collaborated with senior developers and learned industry-standard development practices

- Strengthened skills in **M.E.R.N**, **web development**, and **project workflows** in a corporate setting

# 📂 Projects

### SkillSyncAi 🔗
AI Powered Placement Preparation Platform

**SkillSyncAI** – *AI-Powered Career Readiness Platform* Designed and developed a full-stack web application that leverages AI to assist students and job seekers with career preparation. Key features include:

- **Mock Interview System** with real-time speech recognition and AI feedback
- **Dynamic Quiz Engine** with subject-wise MCQs, scoring, and performance tracking
- **Placement Prediction** using machine learning models
- **Interactive Leaderboard** and user analytics
- Built using **React**, **Node.js**, **Express**, and **MongoDB**, with deployment on **Vercel** and **Render**

### ByteWise 🔗
A Toolkit for Engineering Success

**ByteWise** – *Smart Academic Platform for Engineering Students* Built a full-stack web application to streamline access to academic resources and learning tools for college students.
- Implemented semester-wise filtering for notes, lab manuals, and practical files
- Integrated **Razorpay** for secure digital payments and order management
- Showcased free certified courses from Microsoft and other providers
- Designed a responsive UI with **React**, and managed backend with **Node.js**, **Express**, and **MySQL**
- Deployed frontend on **Vercel**, backend on **Render**, and database on **AWS RDS**

### ByteWise Admin 🔗
Admin Dashboard

**ByteWise Admin Dashboard** – *Central Management Panel for Student E-Commerce Platform* Designed and developed a secure, feature-rich admin dashboard to manage platform operations and user activity.
- Enabled real-time monitoring of **orders, products, and user feedback**
- Built CRUD operations for **product listings** and **course content**
- Integrated **authentication and authorization** for admin access
- Visualized key metrics using dynamic UI components with **React** and **Material UI**
- Backend powered by **Node.js** and **MySQL**, ensuring seamless data management

# 🎖 Awards

### ProjectExpo4.0                                                                                    16/05/2025
Mahakal Institute of Technology

**1st Position** *Won first place and a cash prize of ₹3100 for presenting an innovative project at ProjectExpo 4.0, showcasing technical skills, creativity, and problem-solving abilities.*

**Codathon**

*Mahakal Institute of Technology*

Participated in a competitive coding event and secured a position among the top performers, demonstrating strong problem-solving and algorithmic thinking under time constraints.

## Courses

**Web Components Development using Servlets and JSP**

03/2024 – 05/2024

Dewas, Madhya Pradesh

*AKSoft – Home of Programming*

**Fundamentals of C and C++ Programming**

05/2023 – 08/2023

*AKSoft – Home of Programming*

Dewas, Madhya Pradesh

**JavaScript - Beginners to Advanced**

03/2024 – 05/2024

*AKSoft – Home of Programming*

Dewas, Madhya Pradesh

**Web Designing using HTML5, CSS3, and Bootstrap**

06/2024 – 08/2024

*AKSoft – Home of Programming*

Dewas, Madhya Pradesh
